Amendment

Sir:

Please amend the specification of this application as set out on page 2 of this paper.

Remarks

This is in response to the Notice to File Corrected Application Papers of 29 June 2004.

Formal drawings complying with 37 CFR 1.84 and 121 were filed on 14 June 2004. The drawings originally filed appear to be correctly designated in accordance with the rules. The error was in the specification, referring to Fig. 2C rather than Fig. 2B. This catastrophe, so obviously requiring prompt remediation, has been dealt with appropriate amendment.

For the Applicants,
